Our key titles include:

Anesthesiology®

Impact Factor: 6.424

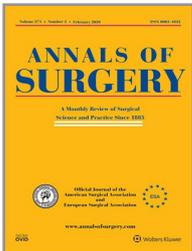

The official journal of American Society of Anesthesiologists is committed to publishing and disseminating the highest quality work to inform daily clinical practice and transform the practice of medicine in our specialty.

Neurology®

Impact Factor: 8.689

The official journal of the American Academy of Neurology features best practices, evidence-based research, and articles on topics that directly affect practicing neurologists.

Annals of Surgery

Impact Factor: 9.476

This is the world's most highly referenced surgery journal, providing the international medical community with information on significant contributions to the advancement of surgical science and practice.

Obstetrics & Gynecology

Impact Factor: 4.965

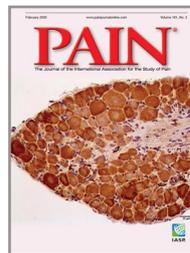

Popularly known as "The Green Journal," Obstetrics & Gynecology has been published since 1953; the goal of the journal is to promote excellence in the clinical practice of obstetrics and gynecology and closely related fields.

Circulation

Impact Factor: 23.054

This journal publishes the most authoritative articles and details the implications for application in your daily practice to improve patient outcomes.

PAIN®

Impact Factor: 6.029

The official journal of the International Association for the Study of Pain features original research on the nature, mechanisms, and treatment of pain.

Journal of Bone & Joint Surgery

Impact Factor: 4.716

For 126 years, this journal has been the gold-standard in peer-reviewed scientific research in the worldwide field of orthopaedics. Essential reading for general as well as specialist orthopaedic surgeons worldwide, the journal publishes evidence-based research to enhance the quality of care for orthopaedic patients.

Plastic & Reconstructive Surgery®

Impact Factor: 3.946

For more than 60 years Plastic and Reconstructive Surgery®, as the official journal of the American Society of Plastic Surgeons®, has been the one consistently excellent reference for every specialist who uses plastic surgery techniques or works in conjunction with a plastic surgeon.
